Language

- English
- Hindi (basic)
- Odia (basic)

Technical Skills

- HTML5
- CSS3
- Bootstrap
- JavaScript
- React.js
- Redux
- Version Control: Git

Projects

Airbnb clone
Aug 2023 - Sep 2023

Developed a solo Airbnb-style project utilizing routing with HTML, CSS, and React.js. Streamlined user experiences, concentrating on efficient front-end development. Applied Styled Components for a unified design. Independently managed the project, resolving challenges, and used Git for version control. Strengthened web development skills through a solo project.
GitHub : https://github.com/sairamn542/Airbnb

Restaurant Webpage
Jul 2023

Created a restaurant website independently with HTML, CSS, and JavaScript, prioritizing frontend aesthetics and functionality. Enhanced user experience through clean design, intuitive navigation, and interactive elements.
GitHub : https://github.com/sairamn542/Airbnb

To Do's List
June 2023

Built a to-do list from scratch using HTML, CSS, and JavaScript. Created a user-friendly interface for adding, updating, and deleting tasks, making it easy to stay organized and boost productivity.
